

CLIMAT CÉVENOL

IGP Cévennes - Rosé

The Climat Cévenol range is the expression of a winegrowing territory, that of Saint Maurice at the foot of the Cévennes. Climat Cévenol comes in three colors, the fruit of a selection of different expressions of terroir and varieties harvested in the north, south, east and west. They are the result of a remarkable climatology on account of the close proximity of the Cévennes. A part of these wine territories is carried out in organic farming.

Soil: Limestone-Clay

Variety: Syrah
